MANAGER'S REPORT

We want to thank everyone who turned in their consent form to waive the retrofitting of the Common Areas. We received enough votes to waive the retrofitting on the sprinklers and the guard rails. Working on the paperwork now.

We are currently updating our pet registration. A form will be inserted in this month's edition of the Beacon. We have so many dogs and cats in our Community that we need to keep records on them. This is especially helpful if there was an emergency.

A reminder when people are leaving please do not leave any buckets or anything else that will hold water out. This will help to keep our mosquito population in better control. We don't want the zika virus around. Also please secure all outside furniture upon leaving.

We are in the first stage on figuring out the erosion at the seawall area. Engineers have been contracted. First stage is to determine problem and solutions. We will have 2 different companies perform the first step to determine problems and solutions. We will obtain ideas from both companies and decide on which one to use going forward, Reports are being put together. A presentation will be done at the conclusion to all shareholders who are still at Harbor Lights. This will also be videotaped for those not here.

We are partially done with adding more sealcoat to the roads. This coat seems to be adhering better as they are repairing all areas that have peeled away. We will be applying a thicker coat in front of the office to monitor.

ACTIVITIES

Well, it is the summer season. Some of the activities are taking a vacation. The activities that are still active are: bridge, euchre, shuffleboard, yoga in pool, tennis (in park), golf (5 to 6 players), and ping pong.

The other activities that are on vacation will probably resume in late October or November.
